

## Deputy Principal Message

### Dear parents and carers

Next week is a busy week for Junior Secondary students.

Your child's NAPLAN results will arrive in the post this week. I would like to congratulate your child on their participation and results in this year's NAPLAN test across both numeracy and literacy.

Should you require any assistance in understanding your child's results or simply wish to discuss them, please do not hesitate in contacting the most relevant person:

Maths HOD: Justin Wilkie [jwilk92@eq.edu.au](mailto:jwilk92@eq.edu.au) English HOD: Kara Grumetza [kgrum1@eq.edu.au](mailto:kgrum1@eq.edu.au)

Book week is on Tuesday and students are invited to come dressed as a character from a novel that is inspired by the theme 'Escape to everywhere.' I look forward to seeing students and staff celebrating reading.

Head of Year have been planning the end of term REWARDS day for Junior Secondary. To be invited students must either be nominated by a staff member for their outstanding character and citizenship OR have above 90% attendance and no uniform infringements.

Have a great week ahead.

## Date Claimers

### Term 3

- 22 August - Book week celebration, "The great book swap." Parents' Group Morning tea at Sunshine Beach SHS 10.10 – 10.40am
- 14 September - High level rewards day
- 14 September - Last day term 3
- 15 September - Noosa Show Holiday

### Term 4

- 2 October - Queen's Birthday (holiday)
- 3 October - School resumes
- 5 October - SPECIAL Parents' Group coffee morning - 9am The Deck. We extend this invitation to all Year 6 parents from our feeder schools or those who have children starting High School with us in 2018
- 12 October - Sports Awards Evening
- 16 October - Student Free Day
- 17 October - Arts Extravaganza Evening
- 24 October - Academic Awards Evening
- 26 October - Dance Night 2 November Parents' Group coffee morning - 9am SBSHS Canteen

- 8 November - Young Crest Scholars Program - culminating activities and celebration with parents
- 4 December - Grades 7-9 Alternate Program week
- 5 December - Parents' Group coffee morning - 9am Sunshine Beach SHS. Christmas celebration
- 5 December - Grade 6 into 7 Orientation Day 9am – 2.50pm
- 8 December - Last day of school

## FREE Maths and English TUTORING (all year levels)

- Every Monday – English GS14 from 3-4pm
- Every Thursday – Maths C001 from 3-4pm 2017
- Every Thursday - Grade 7 Interschool Sport
- **Immunisation Dates – Grade 7 only**  
Round 3: Wednesday 15 November

## Year 7

### HPE

\*\*\* Total fat = 1.3%

### Healthy Snacks

Over the term, students have been learning a lot about how to make healthy snack choices and how to decide between two snacks and what makes one a healthier option than the other. This week they will be working in their groups to create a healthy snack of their own. Once they have chosen a snack they will start to work together as a group to analyse each ingredient for its nutritional value. The light had not acted.

### Italian

Students have been busily preparing for their Reading Comprehension Test and Speaking Test on their Finding Your Way Around Unit. This Unit is one of the most practical and useful units students will do. As a tourist in Italy or a resident in Australia assisting Italian Visitors it is indispensable.

### Music Excellence

Students are progressing nicely in their performance groups. Students are playing the **Theme from Dr Who, Star Wars** and starting to learn more songs as they complete these run-throughs. Vocalists are learning their parts in Fireflies, and singing rounds in multiple parts.

All students should be practising their songs as part of their daily practise habit.

## Excellence in surfing

Small waves again on the east coast this morning, with surfers venturing south of the sunshine beach surf club for the only real defined bank. The surfers made the most of the glassy early conditions before the northerlies picked up. A big welcome to Aiden Muras who joins the excellence program and Kaiden Smales returning from his recent Gold coast vacay. It's good to see the large numbers again this morning, let's hope for some better waves next week.

## Year 8

### Visual Arts

8E are powering through their Photoshop task. We're seeing some incredible Mutant Creatures coming together. There are some really original combinations like a Flea cross a Goldfish, A Fleafish. Students are also applying their knowledge of perspective drawing to create the backgrounds for their Mutant Creature pencil drawings.

## Excellence in surfing

Small waves again on the east coast this morning, with surfers venturing south of the sunshine beach surf club for the only real defined bank. The surfers made the most of the glassy early conditions before the northerlies picked up. A big welcome to Aiden Muras who joins the excellence program and Kaiden Smales returning from his recent Gold coast vacay. It's good to see the large numbers again this morning, let's hope for some better waves next week.

## Italian

It's great to see all Year 8 students working on their Italian advertisement of an Aussie product. The range of Australian items and icons is wide: from food such as Vegemite, Tim Tams, Milo, Pavlova, etc... to the Hills Hoist, the Holden Ute and clothing and hats with corks to scare flies away... Some of them would be really great products to be exported to Italy!!! Students' drafts are being checked and the final assignment is due in on Friday 25 August. These advertisements can come in poster form or iMovie with voiceover and music.

## Design and technology

### Foods

Students in the Year 8M class has just completed their Tuckshop Challenge Assessment and did an amazing job. All the students put in a great effort to produce some incredible results. It was a very close competition and all students were separated by a couple of points. Students now have to complete their written work and hand it in for marking.

Winners of the Tuckshop Challenge DAT082M  
**Jack Curry (Absent), Ellery Scott, Imogen Allen, Anouk Yehoshua**

## Science

Year 8 science students are building their mousetrap energy machines at present. They are very busy building, testing and modifying their designs to achieve the desired outcome of trapping an object. Each student has been assigned various tasks in their group however all students should be sourcing the materials to be used in their machine. The classes are buzzing with excitement and some amazing little inventions are unfolding. Eventually the students will calculate the gravitational potential energy and kinetic energy involved in various steps of their design.

They will then calculate the energy efficiency of a single step in the design with the aim to modify it to make a much more efficient use of energy. Students will submit a report on their project in week 9 of this term.

## Year 9

### Economics and Business

Students are well into their assessment report "Why Buy Local?" For this, students are researching and analysing both a local and internationally produced product, then, after comparing them, will evaluate which is the best economic buy over the next 5 years. All students have had a week of class and home-based research time for this. Report format and paragraph writing are well practised so it will be good to see what this fantastic class will produce over the coming two weeks.

### Media Arts

This week in 9 Media Arts, we're finalising out Media Folios and Photoshop posters. Students have been working hard to get their assignments ready for submission.

### Food Studies

Another great week in the kitchen learning our processes/verbs: cutting, chopping an onion, slicing tomato, chiffonading our lettuce and searing our meat. Students are now demonstrating excellent mise en place skills. Whilst in theory we have focused on our Work flow plans, and looking at measurements and time management.

## English

Reading poems to understand their theme, language and structural features is now well underway as the poetry unit has now started. Students are also still working on compiling a portfolio of activities for their Novel Folio that have been designed to develop reading comprehension skills. Each activity focuses on a specific narrative element, such as plot structure, theme, setting or style, which enhances their understanding of reading novels. had not acted.

## Italian

The Italian Brochure assignment is due on Friday 25 August. Students will be working on these next week. They will lastly add a section on the history of Noosa. In class we are continuously revising the grammar points covered during the term: the definite and indefinite articles, the superlative adjective, the articulated prepositions and finally the verbs in the present tense. These are the key grammar points which have been used in the Brochure.

## Excellence in Surfing

Week 6 Finally some waves for the Year 9 only session, highlights were Jackson W, Kody H, Ethan T, Kai W and Joel S. The weekend is looking good and so is next week bring on a solid Tuesday session to test and push surfers.
