

HOSPITALITY / TOURISM

Sunshine Beach State High School and Sea World Resort & Water Park runs a Hotel School program which allows students to stay at the hotel and learn the behind the scenes of a career in hospitality. Students will be taken by bus to the resort and returned by bus after their Theme Park experience.

Students will spend 3 days and 2 nights at the Seaworld Resort on the Gold Coast in shared 3 person rooms. They will work for 2 days in all the different areas of the resort and then on the 3rd day they will spend a day at the Seaworld Theme Park.

Spending time with experienced Hotel professionals will allow you to explore the various different departments that make up a Hotel. Our team members will be with you throughout your program and will guide you right from the time you experience welcoming guests from various countries to refreshing guest rooms or whilst you undertake food preparation in the main kitchen.

Students will also have the opportunity to visit the Seaworld Theme Park for a day before heading home.
