**Surfing**
Although Surfing is an extension of our Surfing Excellence Program, it is not restrictive for School Surfing representation. During Term 1, all students have the opportunity to nominate for the school surfing carnival which presents an extremely high standard within the competition.

From this, a school team for Under 15 Girls and Boys and Under 18 Girls and Boys are selected to represent Sunshine Beach SHS at District events. From these, successful students progress through Regional, State and National level competitions for individuals, and Mark Richards’ school team competitions.
