What a year it has been for a new P&C President.

Looking back over the year there have been many highlights.

The year has seen the finalisation and implementation of a new school uniform, a major milestone for any school.

Changes to the canteen management and improvements to the look and feel of the canteen look like they are being appreciated by staff and students.

Seeing 200 trees donated and planted at the school for National Tree Day

Watching the school bands perform with great success at local eisteddfod events.

Seeing the girls have their first run at 7s Rugby

Watching the faces on the kids participating in the athletics carnival

Dealing with a break in at the canteen.

Seeing the level of achievements at the recent sports awards night

And of course, hosting the P&Cs trivia night. To name a few

But by far the most enjoyable and rewarding experience and was honoured to be asked to sit on the panel to select the new school leaders. It fills you with great sense of assurance that our future is in good hands when you have had the privilege of hearing our future leaders speak of their concerns, hopes and aspirations not just for the school, but also for their and our futures.

Our children show a great sense of pride in this school and it is clearly shown through the levels of achievement and successes that they have had along the way.

I wish all those students graduating every success in the world outside the school gates, and look forward to hearing of the success they have in their lives. The world is well and truly your oyster, so be brave and go out and explore and expand on the knowledge you have gained from your education here. But I hope that they will always remember where they started and be proud to return and tell us of their exploits.

Of course I would like to thank all of the members and staff of the P&C who have devoted their time and effort to making the year a success, especially those who assisted with the trivia night, and hope that we can continue to build on this years efforts next year.

Joe Jurisevic
SBSHS P&C President 2013
